# MAKE A MORE MEMORABLE MESSAGE

Personalize your care package with a homemade gift tag.

Sending a care package means sharing a little bit of “you” with the people you love. Print out and decorate your favorite gift tag or make your own to send someone a special message! Adult supervision recommended.

## YOU WILL NEED

Markers, crayons, colored pencils, etc.

Single hole punch

Ribbon, yarn or twine

Printer paper or cardstock

Glitter (optional)

## EQUIPMENT

PRINTER

SCISSORS

LAMINATOR (optional)

## PICK A STYLE!

Pick one of our fun gift tag designs or make your own by printing out the blank templates (pages 7-10.)

## PRINT IT OUT!

Print out the gift tag(s) you’d like to decorate.

## DECORATE IT!

Add some fun and color to the gift tag design or draw your own.

## ADD SOME YOU!

Add a special message to the back of the gift tag. Don’t forget to sign your name!

## CUT IT OUT!

When you like how it looks, carefully cut along the dashed lines with scissors.

## HOLE PUNCH IT!

Punch a hole into the corner of the gift tag.

## ADD A STRING!

Carefully cut some string and tie it to the hole you just punched.

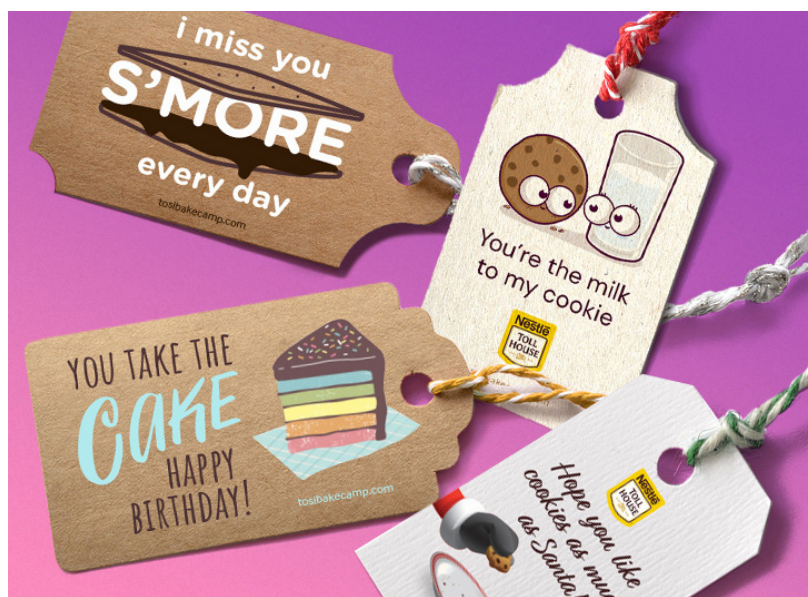

## SEND IT OFF!

Attach the string and gift tag to your care package to spread some cheer when you can’t be near.

**FYI**  
To make the gift tag more durable, laminate it before hole punching.

**TOTALLY DO-ABLE DESSERTS**

A large, blank, dashed-line template for a message card. The template is shaped like a vertical rectangle with a wavy, irregular right edge. It features five circular punch holes along the right side, spaced evenly. The entire template is outlined with a dashed line, indicating it is a cut-out sheet.
